Move affected person to fresh air and keep warm and at rest in a position comfortable for breathing. Loosen tight clothing such as collar, tie or belt. Get medical attention if any discomfort continues.</i>
Ingestion	<i>No specific recommendations. If throat irritation or coughing persists, proceed as follows. Rinse mouth. Get medical attention if any discomfort continues.</i>
Skin contact	<i>No specific recommendations. Rinse with water. Get medical attention if any discomfort continues.</i>
Eye contact	<i>Remove any contact lenses and open eyelids wide apart. Rinse with water. Get medical attention if any discomfort continues.</i>
Protection of first aiders	<i>Use protective equipment appropriate for surrounding materials.</i>

#### 4.2. Most important symptoms and effects, both acute and delayed

General information	<i>The severity of the symptoms described will vary dependent on the concentration and the length of exposure.</i>
