We hereby certify that the above mentioned flavoring is of natural origin, and is considered a natural flavor or flavoring. This designation is pursuant to:

The United States Federal Food, Drug and Cosmetic Act (FDCA) and the United States Code of Federal Regulations (CFR) Title 21, Section 101.22(a)(3)

The provisions (in particular those outlined in Article 3 sections 2(c) and 2(d) and Article 16) of EC Regulation No 1334/2008 of The European Parliament and of The Council of 16 December 2008 on flavourings and certain food ingredients with flavouring properties for use in or on foods, and is obtained exclusively by physical, microbiological or enzymatic processes from material of vegetable, animal or microbiological origin either in the raw state of the material or after processing for human consumption by one or more of the traditional food preparation processes listed in Annex II. The above mentioned natural flavouring also complies with definitions 2.2.1.1 and 2.2.2 of the Codex Alimentarius Commission's guidelines for the use of flavourings (CAC/GL 66-2008).

We further declare that we have not added to it any nature-identical, synthetic or artificial flavour ingredients nor any substance which does not comply with these criteria apart from solvents, antioxidants or other technical adjuvant which we enumerate on this statement.
